EDUCATION

University of California, San Diego

June 2028 (Expected)

Bachelor of Science, Business Economics

- **Honors:** Provost Honors (3.7/4.0 GPA)
- **Coursework:** Macroeconomics, Microeconomics, Accounting, Data Analytics, Business Operations, Ethics

PROFESSIONAL EXPERIENCE

AI & Autonomous Robotics Platform

Mar. 2026 – Current

Consultant

La Jolla, CA

- Created a 3-5 year strategic compute roadmap, identifying short-term cost-saving opportunities in the supply chain through the creation of a cost and economic model, utilizing input from internal + external company information
- Researched extensively on robotics compute stacks and mapped the competitive landscape of silicon providers
- Conducted a market landscape analysis of the robotics processing-unit ecosystem, evaluating architectural trends and engineering a risk scoring framework to provide the optimal processor vendor and component decision for the client

Ernst & Young

May 2023 – August 2023

Consultant

Irvine, CA

- Analyzed client cost structures and revenue streams to boost efficiency and reduce material costs for client company
- Cross-referenced sales with company expenses and researched ESG business practices and regulatory trends
- Collaborated in a team to develop a structured, data-driven recommendation regarding the implementation of a sustainability initiative to recycle shoes, projecting a 15% reduction in raw material procurement costs over three years.

Kindset

Sept. 2021 – July 2024

Product Development Lead

Anaheim, CA

- Led an 8-person team of student entrepreneurs to create and launch products, generating \$5,000+ revenue over 3 years
- Developed pricing strategy, budget forecast, and cost controls to optimize profitability for our range of products
- Designed and created clothing, toys, and kits with the premise of spreading kindness; connected with vendors to establish long-term relations to produce products over the following years; reinvented/tested individual products

LEADERSHIP AND INVOLVEMENT

Triton Consulting Group

Jan. 2026 - Current

Associate, Consultant

- Developed critical consulting skills and fundamentals such as data interpretation, financial evaluation, project management, benchmarking, and econometrics through rigorous coursework and simulating real-world application
- Conducted market research and competitor benchmarking for a Qualcomm student startup identifying areas where the company could improve and establish a presence in the medtech wearable market through a detailed presentation

UC San Diego, University Communications

April 2025 – Current

Communications Assistant

- Conducted 10+ interviews with students, faculty, alumni, and leadership to produce multimedia content across campus
- Analyzed engagement metrics including clicks, views, and time-on-page to evaluate content performance; summarized insights and presented recommendations to supervisor to strengthen data-driven decision-making and audience targeting
- Authored and published 20+ articles for the UC San Diego Today website, reaching a campus-wide audience of 50k

UC San Diego, Undergraduate Investments Society

Mar. 2025 - Current

Member

- Engaged in weekly seminars with finance professionals to explore market trends and real-world investment strategies
- Developed proficiency in financial modeling, valuation techniques, and financial statement analysis through casing
- Conducted case studies that simulated real-world company valuations through the practice of creating DCFs and LBOs

UC San Diego, Korean American Student Association

Sept. 2024 - Current

Social Committee Leader

- Led a 6–8 member team, delegating responsibilities to deliver large-scale cultural events (100+ participants)
- Strengthened team effectiveness through mentorship, cross organizational collaboration, and post-event debriefs
